
THE HEADMASTER'S BULLETIN

N° 02

Firstly, my apologies for having to postpone the P 2/3 and P1 Parents evenings. I will endeavour to find suitable evenings in the very near future.

- ✓ Extracurricular Activities are now in operation and I have been impressed with the enthusiasm and energy being put into these. Congratulations to all the staff who are working hard and encouraging participation in their courses.

- ✓ Since the last bulletin there has been :
 - A trip to Chan Chan by S2.
 - The new Student Council has been formed and new Librarians appointed.
 - S4 students have had their vocational tests given by Srtas. Navarro and Saavedra, Educational Psychologists.
 - S4 have begun preparation for Confirmation.
 - A new student, Brenda Richards has joined us for the year from New Zealand. We bid welcome and hope she will enjoy her year with us at Fleming College.
 - There has been a Comic Film Festival organized by Sr. Cailloma the last two films can be seen in the AV Room 1 at 7:30 pm. On Thursday and Friday of this week.
 - On Saturday, a Spanish version of Midsummer Night Dream will be presented by Theatre Olmo at the Teatro Municipal. A group of our S3 and S4 students are attending.

- ✓ In the next two weeks the following events are happening in the College:
 - P 6 will visit Huanchaco on Friday 3rd April as part of an art proyect.
 - Sr. Vílchez is beginning to work with his years´ Junior Achievement Group.
 - This week Primary are preparing for Easter Week and it should be remembered that Week 6 (starting Monday 6th April) will be a very short week as College closes on Wednesday at 4:45 pm. For the Easter weekend. I wish you all a very Happy Easter!

- ✓ School Meals:
 - Accompanying this bulletin is a letter from Sra. Laly Flores regarding lunch meals and the Cafeteria. I would ask that you read this very carefully and comply with the requests made in that letter.

✓ Uniform:

- Whilst I think you will agree that the children do look smarter now and are making serious attempts to wear their uniforms correctly, I am aware that one or two, as always, will try to bend the rules, especially with regard to the white shoes. I have bent as far as I am going to on this by agreeing that small makers logos will be accepted, but those who try to take this further with stripes will be asked to buy the correct shoes.

✓ Absences:

- All children are expected to attend school from the first to last days of each bimester. The College has a system of authorized and unauthorized absences. See the front of your child's homework diary. Please ensure that all requests for absences come to the Headmaster who is the only person who can authorize an absence from school and permission for any known absence must be sent to him well in advance of the date of departure.

✓ Reception:

- Please, do not ask Srta. Vania to accept lunch boxes, forgotten books, etc. as she has been told by me not to accept such items.
- Similarly I ask you not to enter classrooms unless accompanied by the class teacher after school to retrieve books left behind by your children. Children who forget books, PE kit, etc. are not going to be shot by their teachers. It does show, however, their lack of organization and the more you run after them the less inclination they have of becoming organized. Please don't do it.

✓ House System:

- I am aware that some parents are asking for clarification on the House System and I am in the process of producing a document which will explain this.

Reading through this bulletin, I realize that this is the time of the year when small things begin to go wrong. I make no apology for bringing them to your attention confident that, as usual, you will take what is written in the spirit it is intended and give your continued support to what is trying to be achieved by your College.
